## Finding Aid for the MICHAEL R. MILLER SLIDE COLLECTION

Acc. #: xx-020

Future Additions Expected: No

Finding Aid creation: August 16, 2010

Size: (approximate) 1,100 color snapshots with negatives; 8,000 color 35mm slides; 7.5 linear ft of card catalog database of New York City theatres

### Abstract

The **Michael R. Miller Collection** contains 35mm slides, photographs, and a card catalog index of New York City Theatres. The images were primarily taken by Miller, but some are copy stand reproductions of vintage photographs. The slides and photographs cover the United States, but are primarily New York City and the surrounding areas.

### Background Information

Michael Miller (1947-1993) lived in New York City and was an attorney who worked as vice-president of New York City Municipal Hospitals. Michael was a skilled photographer and theatre enthusiast. He also assembled a card catalog database of New York City theatres (6 card catalog drawers) organized by street address. Upon his death his collection came to Theatre Historical Society.

### Scope and Contents Note

The collection consists of the card catalog database, 35mm slides, photographs, and 35mm photographic negatives. The scope covers the United States, but is heavy in New York City and the surrounding areas. The slides (approx 8,000) are organized by state-city-theatre name and numbered with an alpha-numeric code. Many of the slides are also dated with a very brief description of the view. A majority of the collection is original color slides taken by Michael Miller, however some are copy stand views of vintage photographs. The photographs (approx 1,100) are primarily 3.5x5" color snapshots organized by state-city-theatre name. The 35mm negatives correspond with the snapshots, but contain additional views which are not found in print form. The bulk of the card catalog database is organized by Borough-Street name-Address (5 drawers), but there is also an alphabetical theatre name index (1 drawer). The theatre cards contain varying information, but may include the address, opening and closing date(s), renovation date(s), demolition dates, type of organ, architect, and number of seats.

Each slide is labeled with a sequence of letters and numbers. The first letters represent the postal code or the country of the theatre pictured in the slide, the second are Michael Miller's initials. In the case of New York City there is an additional set of letters indicating the borough or if it has been classified as a legitimate theatre. Slides from other areas have the cities represented by a two digit number. The next numbers indicate the theatre, and the final numbers represent the sequential slide count of that particular theatre.

For example a slide with the index number of NJ-MM-42-1-02 is for the Rialto theatre in Westfield, New Jersey. NJ is the postal code for New Jersey, next is Michael Millers initials, 42 represents Westfield, the 42 alphabetically listed New Jersey city that is documented in this collection, the 1 represents the Rialto, the first alphabetically listed theatre in Westfield, NJ, and the 02 indicates that this is the second slide of the Rialto theatre in Westfield, NJ.

The slides are organized alphabetically by state with international theatres at the end of the series.

## Related Materials

**Researchers interested in this collection may also wish to consult the following resources in the Theatre Historical Society holdings:**

Bill Benedict Collection  
 Edward Gibbs Collection  
 THS Slide Collection  
 Jack Tillmany Collection

**Other materials in the Theatre Historical Society holdings may relate to the topics in this archive. Consult the archivist for further research assistance.**

## Access Restrictions:

There are no access restrictions on the materials and the Collection is open to all. However, the researcher assumes full responsibility for conforming to the laws of libel, privacy and copyright which may be involved in the use of this Collection.

## CONTENTS LISTING

**This finding aid is for Michael Miller's slides only. No other materials from the collection in the archive are represented here.**

The first column lists the State, city, and theatre name, the second column represents the first slide number of that theatre and the third column is the last slide number of that theatre.
