Finding Aid for the THEATRE HISTORICAL SOCIETY SUBJECT FILE COLLECTION

Acc No.:
Future Additions Expected: Yes
Finding Aid creation: April 28, 2014
Size: 30 linear ft.

Abstract

The Theatre Historical Society Subject File Collection consists of 30 linear feet of materials on subjects ranging from theatre organists, architects, cinema chains, THS members, theatre mechanics, vaudeville circuits, and other topics.

Background Information

The Theatre Historical Society of America was founded in 1969 to promote the legacy of America's historic theatres and insure the documentation of the architectural, cultural and social history of those theatres. Materials were collected by members and kept in separate locations. Over time the collections were brought to one location and combined. From these initial collections the materials were organized and separated into several different collections. Records detailing histories of specific theatres were labeled the Theatre File, materials containing information on theatre mechanics, cinema chains, architects, THS members, vaudeville circuits, among other topics became the Subject Files, Photos that were used in the publication of Marquee were gathered into the Editors Collection, photographic slides, postcards, and negatives became the THS Slide Collection, THS Postcard Collection, and THS Negative Collection respectively. These collections came from THS members and donations made throughout the organization's history.

Scope and Contents Note

The Subject File collection contains 30 banker boxes of file folders organized alphabetically by topic and two bankers boxes of file folders of theatre organists also organized alphabetically by the organists' last name.

Below represents a list of file folder headings. The file folders contain correspondence, photos, news clippings, promotional material, lists of theatres, company reports, magazines and other publications, audio visual material, data discs, ticket stubs, ephemera, postcards, manuscript drafts, catalogs, art exhibition pamphlets, biographical information, maps, etc.

Records in the Subject Files date back from the late 1800s through the 2010s. Coverage is primarily of the United States. There is also material on subjects originating in Canada, and England.

Related Materials

Researchers interested in this collection may also wish to consult the following resources in the THS holdings:

Theatre File
THS Negative Collection
THS Postcard Collection
THS Slide Collection
Editors Collection

Other materials in the Theatre Historical Society holdings may relate to the topics in this archive. Consult the archivist for further research assistance.
